

AFB/Longbow Challenge Winter 2012-2013

It's that time of year again, when we are forced to think up lots of new ways to amuse ourselves during the long winter indoor season.

Last year saw the AFB Challenge become more and more popular as the winter progressed. This year sees it grow in to the AFB/Longbow Challenge. Everyone is welcome to join in, all you need is a wooden bow and some wooden arrows – although no one would object if you took the sights off your recurve for a night...

Look on the notice board for the shoot dates.

The first nights challenge went the way of all our fun shoots: lots of encouragement, banter, heckling and laughter.

Here are the first lot of results:
