

Westcott Target Day – 03.07.11 - American
Weather : calm, pleasantly warm, turning humid

It was almost a perfect shooting day today, no wind, nice and bright, and only turning humid as we went to the last distance. An American is a nice number of arrows to shoot on a Sunday morning. We even had some of the new members of the club joining us on the shooting line, which was really good to see.

How'd we do? Pretty good actually, take a look:

Ladies Recurve	Jean Collins	693	1 st class classification and handicap to 44
	Yoshimi Kuroda	576	2 nd class classification and handicap set at 52
Gents Recurve	Jonathan Rabone	768	New club record and handicap to 30
	Phil Cunningham	672	
	John Lardner	548	
Gents Longbow	Peter King	553	New club record and 2 nd class badge
Ladies Compound	Janice Bradfield	746	New club record and handicap to 35
Gents Compound	Fergus Bradfield	773	New club record

Thanks to everyone today as it was a real joint effort, with everyone chipping in from getting out the bosses, moving them at distance change and getting them packed away again.

Congratulations to everyone that shot new club records, achieved new handicaps or set a new classification.
