

Westcott Archers Target Day

Sunday 2nd January 2011

Worcester Round

To All Club Members

The 2nd January 2011, saw the first Westcott Archers Target Day of 2011. A Worcester Round, which was attended and shot by a good number of Westcott Members, in high spirits considering this shoot was straight after the new year festivities.

Our Congratulations go out to Janice Bradfield (Compound Limited) and Fred Wentworth (Barebow) for setting two new club records, these have been passed on to the clubs Records Officer accordingly.

In addition to the above, a total of 6 new personal bests were also set and our congratulations also go out to these archers.

We hope that those who attended enjoyed themselves and would like to join us in saying a big thankyou to Jonathan Rabone for all his hard work in laminating the Worcester target faces over the Christmas Holidays and running this shoot. To those members who did not shoot, we hope that you will join us on future target days that are organized for the first Sunday of the Month (See the club website or club notice board in the hall for further details). All Club members are welcome to attend.

Kind Regards

Stuart.

Results
